

# Animals on the Prowl

**Name three essential components of a habitat (things most animals need to survive):**

- 1.
- 2.
- 3.

**What caused the increase of deer during the activity you participated in?**

**What caused the decrease of deer during the activity you participated in?**

**Pick one animal that has its habitat here at camp: \_\_\_\_\_**

**Brainstorm some adaptations that animal has to help it get food, water, or shelter**

**Draw your own example of a food web using the plants and animals that you learned about today, using the example to the left as a guide.**
