

Aspen Creek Outdoor School Spring 2016 Season

Come join us for a wonderful and rewarding season of the
Aspen Creek Outdoor School (ACOS).

ACOS is a residential outdoor education center that works with 5th and 6th grade students from around the state. We need **YOU** to join our staff and teach students about nature, community, and responsibility.

The Benefits:

1. **Training, Training, Training:** We believe every minute spent with you, our staff, enables our program to excel. We start the season with a comprehensive training and continue to improve all season.
2. **A complete program:** The lessons are designed, the hooks are sharp, and the props are ready. Our curriculum is finely tuned so you can focus on teaching and engaging the students.
3. **Getting paid to teach outdoors:** Our leaders are the best! We look for and hire dedicated, hard working, passionate educators. You will be well paid for your talents and skills.

The Requirements:

1. Education/Experience - Bachelors in environmental education, environmental studies, education or equivalent experience.
2. The ability and desire to teach an outdoors science school curriculum to school children.
3. A clean background check.

For information or to apply contact svincent@chapelrock.net. Please send a resume with a cover letter.
